

## KP30 microUSB Cable

### microUSB Cable

The 1.8m long USB cable gives you the ultimate freedom to place the docking station of your professional voice recorder (DS-9500, DS-9000, DS-2600) anywhere on your desk. This micro USB cable can also be used to directly connect it with your voice recorder to either charge it or download all files from it. It can also be used with any device, which has a micro USB connection. Compatible Olympus Voice Recorders: DS-2600 / DS-9500 / DS-9000 Compatible Olympus Accessories: A514 / CR21 / F-5AC CR-Kit
