- 4 pedals

- Perfect ergonomics for shoe sizes up to 46 (EUR) - Extra wide center pedal
- HID keyboard mode (optional)

- Multimedia keys support

- Extremely durable and long USB cable (2.5m)
- Centre or top pedal can be locked

- Keyboard shortcuts support (e.g. "Ctrl + Alt + P" or "Alt + 1")
- Full compatibility with Olympus' dictation management software

Hands free control in any application

The High-End professional footswitch RS31N incorporates 4 buttons to easily control not only OM SYSTEM dictation management software (ODMS R8, ODMS Cloud), but also with compatible third-party software. This can be any transcription player or other application software, which can be controlled via keyboard shortcuts (e.g. "Ctrl + Alt + P" or "Alt + 1") or multimedia keys (Scan Next Track, Stop, Play/Pause etc.). Just assign the desired command to the pedals with the free Olympus Foot Switch Configuration Tool. Once the pedals are configured according to your individual needs you will have your hands free to transcribe   an audio file or for other things. With the extra wide center pedal it is has a perfect ergonomics for shoe sizes up to 46 and helps you to transcribe audio files even for operations over several hours.
